

💧 WATER SERVICE NOTICE 💧

The contractors working on the **Catawba Avenue Streetscape Project** have hit a water valve, which is currently affecting water service for residents **north of the railroad tracks**.

Residents in the affected area may experience **low water pressure or no water service for the next few hours** while crews work to address the issue.

We apologize for the inconvenience and appreciate your patience while repairs are being made.

We will provide additional updates as more information becomes available.
